Woodland Terrace Times

We would like to thank everyone for attending our 5th Annual Family Christmas Dinner on Monday, December 10th. It means so much to our residents and we had such a great time.

We would also like to thank you for your kind and thoughtful gestures towards our staff during this past Christmas Season.

Thank you again

Snapple Trivia from Ada

-The top of the Empire State Building was originally built as a place to anchor blimps.

Tea Tidbits

From Creative Forecasting Jan. 2015

-Legend has it that tea was first made in China about 28th B.C.

-In 1904, the first commercial tea bags were sold by Thomas Sullivan, a New York City tea merchant. It was an accidental invention because instead of sending tea samples in small tins, which was commonplace, he put them in hand-sewn silk bags. He had so many orders for the "little bags." A tea bag-making machine eventually replaced the people hand-sewing the bags.

-Tea is an evergreen plant that can grow 15 to 20 ft. tall.

-It's native to Assam, a northeastern region of India, China and Japan.

-Tea is the second-most popular beverage in the world. Water is number 1.

-About 85% of the tea that people drink in the U.S. is iced tea.
